

Central Primary School Nursery Admissions 2017

The Nursery at Central Primary School provides care and education for children aged 3 and 4 years old. For our September 2017 intake, your child will need to have been born between 1st September 2013 and 31st August 2014. Applications are also able to be made for children born between 1st April 2013 and 31st August 2013 if you have decided to defer your child's start in Reception.

We are a one-intake Nursery with children joining us in September each year. All places are issued in accordance with Hertfordshire County Council's admission policy, details of which are published on their website Hertsdirect.org, under the section listed 'Current admission arrangements'.

In our Nursery we follow the Early Years Foundation Stage (EYFS) ethos, providing opportunities for children to holistically learn through play. We value the importance of children having opportunities to learn in rich, stimulating learning environments. We also believe that children gain greater experiences in an outdoor environment; therefore we provide a free-flow system whereby the children can access both indoor and outdoor learning environments independently.

We pride ourselves in providing every opportunity for children to learn and develop socially and academically and believe having a positive partnership with parents will ensure each child will reach their full potential.

We will offer 30 full-day places (8.45am-3.30pm). All offers will be for a full-day place and on acceptance of the place parents will be required to complete the necessary forms to access additional working parent funding and or pupil premium registration so that the school can access the funding to provide the full time places. We will not be offering part-time provision in 2017-2018.

You must be allocated a place in the Nursery, through the normal admission arrangements.
