

Central Primary School

Extended Schools Policy

Our motto: Children are Central

In line with our Covid-19 Risk Assessment, Central Primary is not running any extended school services at the moment. This decision will be reviewed by the Governors regularly.

Extended school services are additional services and activities offered by schools to pupils, their families and the community. These services often take place outside of normal school hours and can include access to childcare, sports activities and support for learning.

At Central Primary we offer the following extended services:

Breakfast Club

Breakfast Club runs every day from 8am until the first bell at 8:45am. It costs £2 a day to access breakfast club and this includes breakfast for your child (£2 per day or £10 per week).

After School Club

The afterschool club runs every day (except on early finish days) till 5pm. It costs £5 a day (£25 a week). It is highly recommended that places are booked in advance.

Clubs

There are a full range of after school clubs across the week which run from 3:30 until 4:15/4:30 or 5pm which your child can sign up for. Most of these clubs are free, but a few of the specialist sports clubs do have additional charges.

Information about our Childcare Provisions and Extended Schools Services is regularly sent to parents/ carers and is on our school website.

This policy should be read in conjunction with our Charging Policy.
